Presentation

1. Product basic features
2. Product interior features
3. Sales Points
4. Product specification

1. Product basic features

Net capacity	378L
Energy class	A+
Refrigeration model	Full no frost
Handle	Genesi, Ascot, Sintesi
Control type	Electronic with LED display
Finishing	stainless steel cladding
Unit dimension (mm)	705×701×1806
Packing dimension (mm)	766×825×1900

2. Product interior features

Touch electronic control with LED screen

Separate temperature control

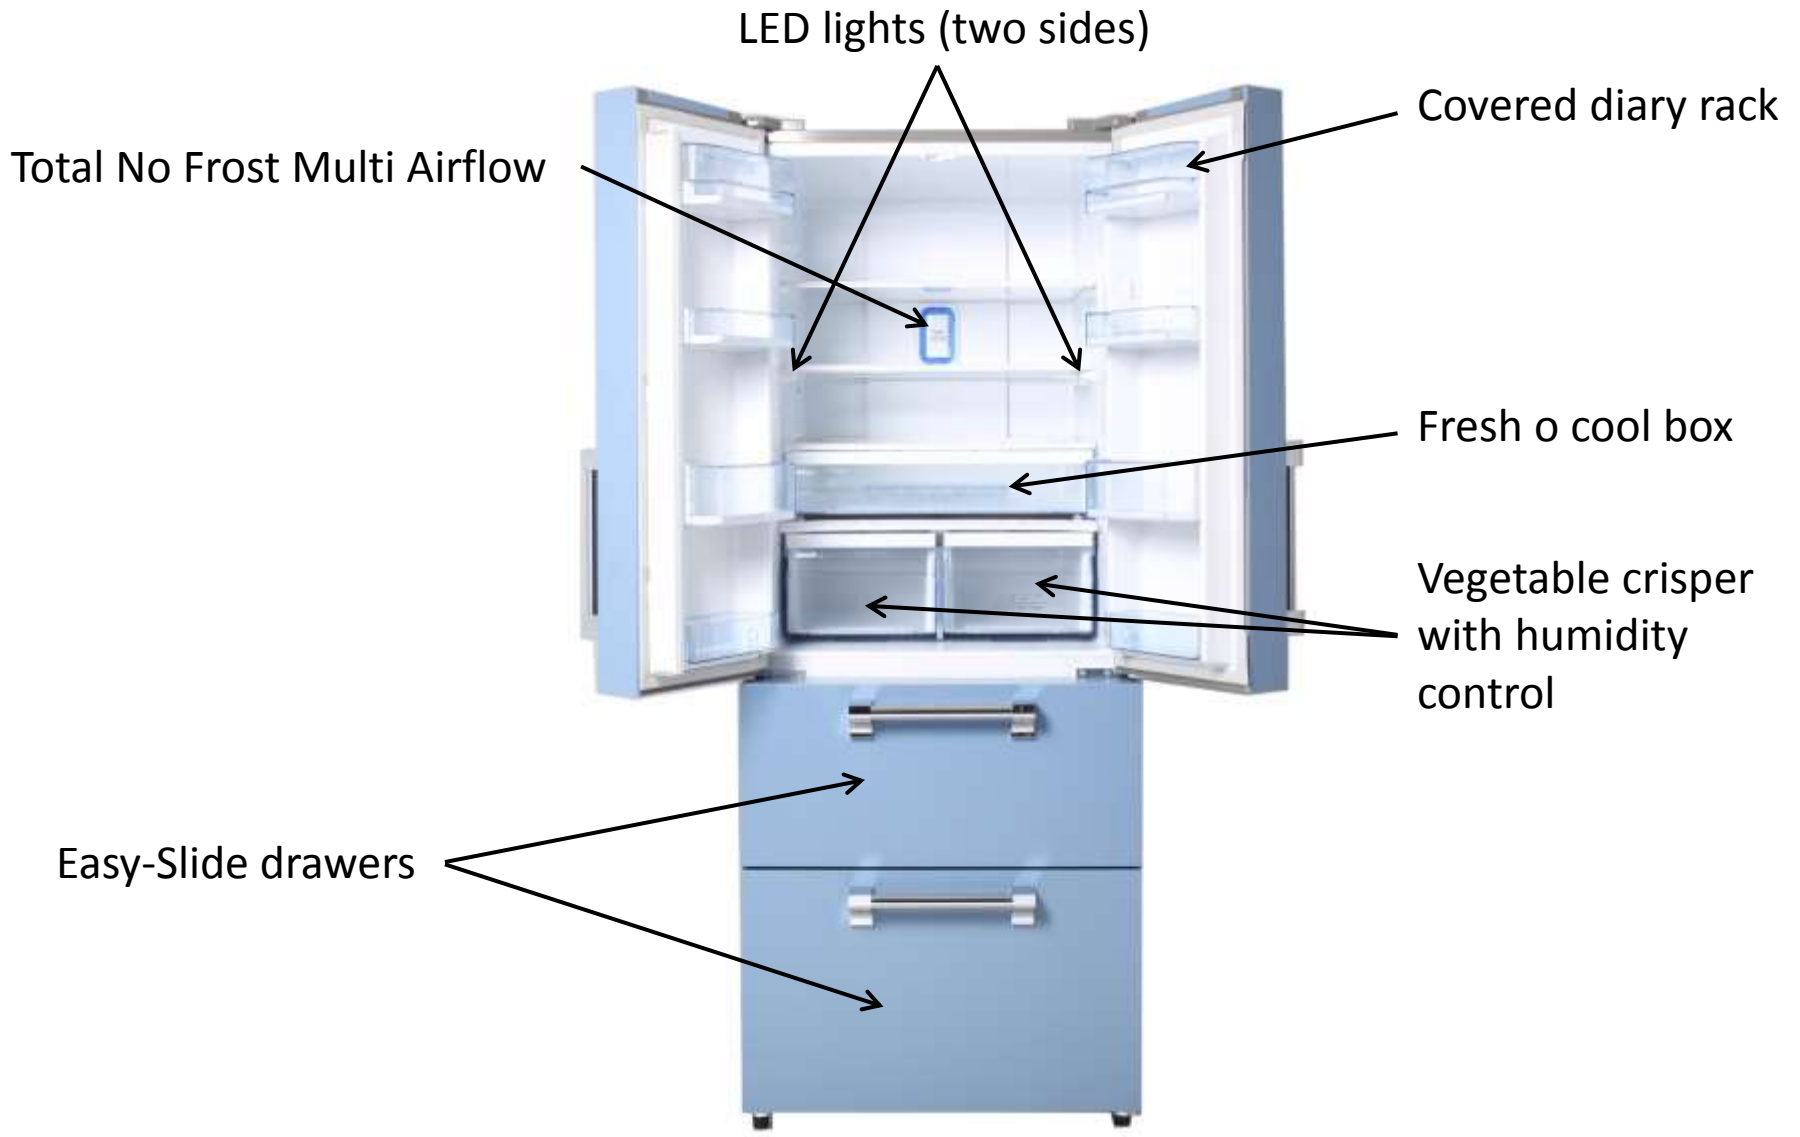

Holiday Mode

Super Freezer

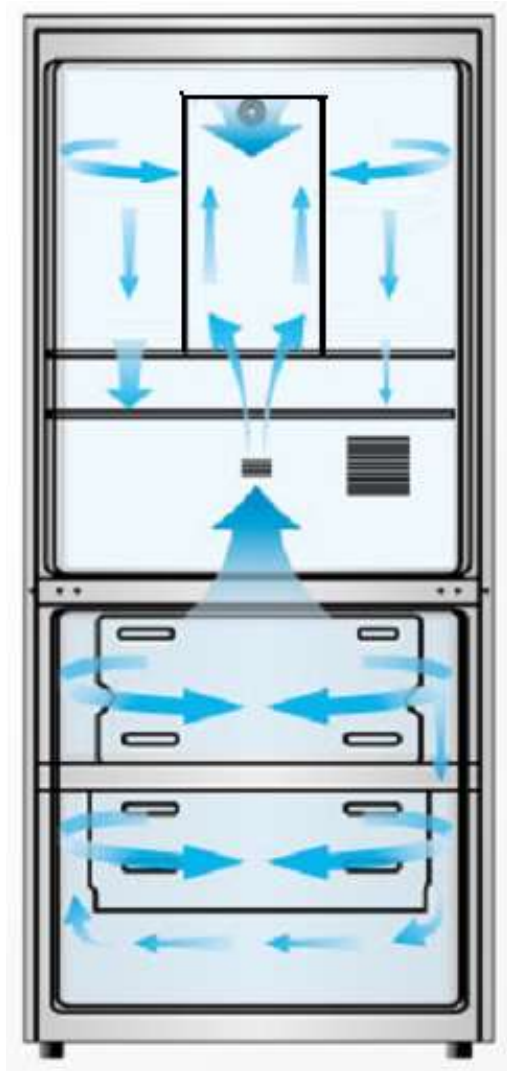

Super cooling

2. Product interior features

3. Product sales points – Multi Airflow system

This system can transfer cool air to each corner of the appliance creating an even cool and steady environment.

This helps food keep fresher and for longer

3. Product sales points – Total no frost

With the help of total no frost technology your refrigerator will provide suitable conditions to keep food fresh and nutritional facts for longer

It also means that you don't need wasting your time to defrost the refrigerator because it will do it automatically

3. Product sales points – Twist LED lights

On the two sides of the fridge, there are LED lights which brings little heat and less energy consumption, but much more brightness and even longer service life

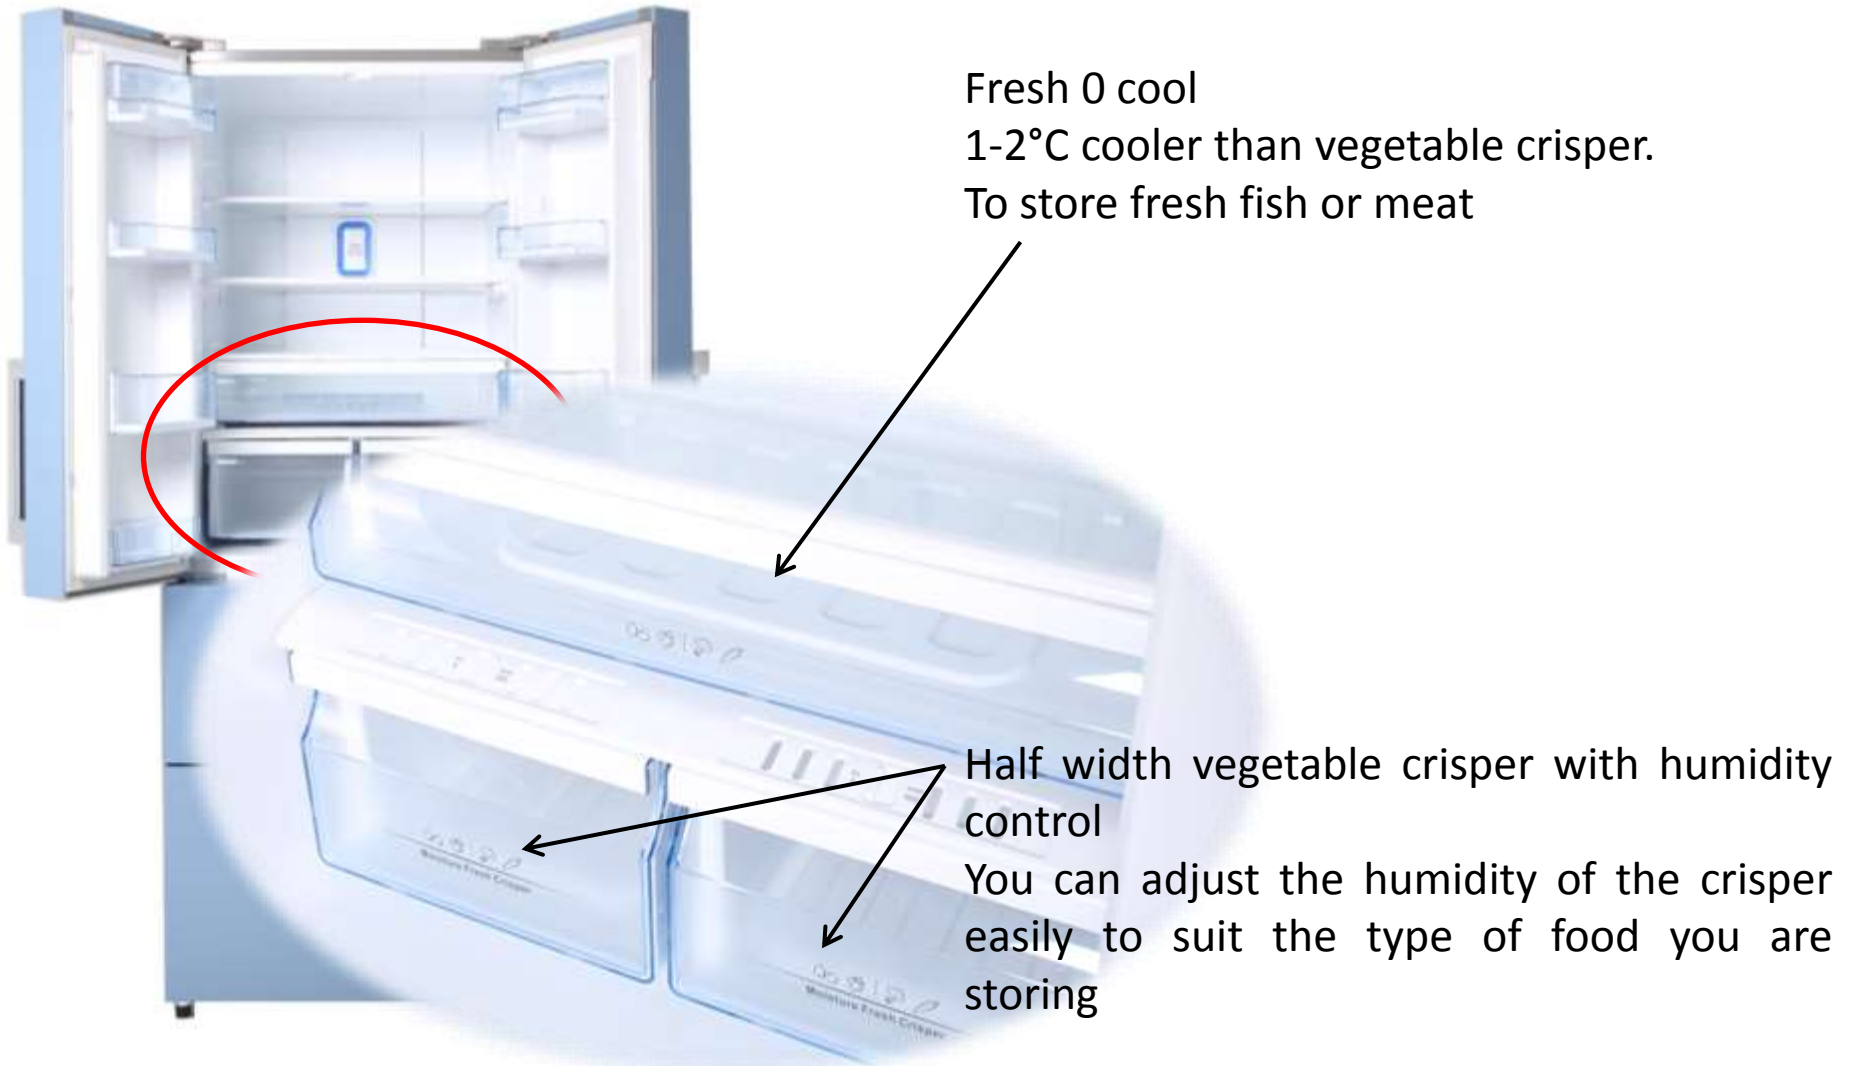

5 times less energy consumption than the conventional bulb.
47% brighter than the conventional bulb.
